Keeping Up -- With Uplanders

By V. V. P.

"NO FUN"

"I have had no fun in all my life," a 45-year old grandmother told a group of intimates the other day.

They were amazed. We can't believe any normal adult person can live a week, let alone a year, without having any "fun."

Of course, her idea of "fun" and ours might be different. In general we mean getting some enjoyment and satisfaction out of life each day.

Even a drizzly day gives inspiration. The weather can always be "just right" here in Southern California if your mind is tuned to accept conditions and appreciate what one experiences.

An accomplished pianist, a skilled mechanist, an accurate bank teller and an efficient housewife have had a lot of "fun" in reaching their perfections. A laborer, a caretaker and even a collector of bad debts can find much enjoyment — if he approaches his task with a smile, with vigor and an attitude of helpfulness and appreciation.

Thomas A. Edison has been quoted as saying he never "worked a day in his life."

Happiness is within you.

IDEAL VACATION

If you could spend four months any place in the world, where would you go?

Some people would answer; "Stay at home." Others would pick South America, Europe, some far away island but Major and Mrs. Frank I. Pickering picked Hawaii.

At least, they are back in Upland after four months in the islands visiting their son. The Uplanders, here since 1950, have chosen to live in retirement here — and go to various places occasionally.

NELSON McININCH

Presence of Nelson McIninch in Upland next Tuesday is of importance to the community. He has a wide following as a radio newscaster and for years he has been telling people in the west about Sunkist fruit products. A leased wire is being placed to connect the Cucamonga Mesa Growers with the KNX broadcasting studio.

Incidentally, the Cucamonga Mesa Growers is holding "Open House" with the general public and all interested citrus growers are invited.

THANKS, LEADERS

All of us are mighty proud of the fine summertime baseball program we have planned for our youngsters in the Upland district.

And 99 per cent of us really do nothing about it.

A few score interested men, aided by their devoted wives, give many hours of their time in arranging for the youngsters to sign up, in the selection of the teams and in actually getting the program under way. Each team has a manager or so, a coach and few other aides.

Actually, it is the keen interest on the part of these few adults who make possible the wide and varied diamond activity.

This is an early "thank you" from 99 per cent of Uplanders to that small number of men and women who really make possible the diversion for the youngsters.

Incidentally, league play starts June 10. We can support the games with our interest and financial contributions.

Dr. Hylbert Invited To 50th Anniversary Of Graduating Class

Dr. Lewis C. Hylbert, 435 Drake Ave., has been invited to attend the commencement festivities at Bucknell university from June 11 -13 as a special guest of the college.

Members of the classes graduated half a century ago from the college, the institute, and the academy, as the three divisions of the college were then called, will be honored in connection with Bucknell's 105th annual commencement.

Dr. Hylbert, was graduated from the college in 1905.

Irving Selk Elected To Phi Beta Kappa

Irving L. Selk, 151 N. Second Ave., is one of 85 students at the University of California at Los Angeles to be elected to Phi Beta Kappa, the national scholastic honorary fraternity, according to Dr. Herbert Hoffleit, president of the UCLA chapter.

HAD TONSILECTMY

Patricia Gregory, 11 years of age, the daughter of Mr. and Mrs. Miles Gregory, 7649 North Archibald, Cucamonga had tonsilectomy at San Antonio hospital, May 27.

KEITH HOME AGAIN

Keith Campbell, 8 years of age, had a tonsilectomy at San Antonio Community hospital and is home again. He is the son of Mr. and Mrs. Richard Campbell, 1711 West 11th St.

Holiday Ends Without Traffic Injury in Upland

With the heaviest traffic yet recorded on local highways, Upland came through the long Memorial Day week end without a single traffic accident injury within the city limits.

Officers on traffic patrol said that westbound traffic after 1:30 p. m. Sunday was the heaviest ever encountered and that cars were bumper to bumper on 19th st. waiting to get onto Euclid Ave. en route to San Bernardino freeway.

Freeway traffic was heavy but orderly although officers were hard pressed to keep tab on the many speeders when traffic was moving eastbound late Friday and early Saturday. The heavy congestion Sunday afternoon and evening prevented excessive speed.

Two citations were issued following accidents involving property damage but no injuries.

Pearl Helen Ward, 52, Long Beach, was cited for destroying city property Friday night after her car jumped the curb at Foothill Blvd. between Mountain and San Antonio Aves.

Her car, according to police, left the curb in front of 1060 W. Foothill Blvd., and travelled along the south curb for more than 400 feet before it knocked over a firepulg. The car continued on for 380 feet to careen off a standpipe and 105 feet later came to rest against a lemon tree.

Clyde C. Weber, 75, El Monte, was cited for violation of the right-of-way Friday after an intersection collision at the freeway and Euclid Ave. Driver of the other car was Charles Wilson, 18 Claremont, who was southbound on Euclid Ave. He said he saw the other car pull off the freeway ramp onto Euclid Ave. but could not stop.

An accident reported at 10 a.m. Saturday on 13th St. between Mountain and Benson Aves. was listed as unfounded when police arrived to find neither cars or drivers at the location.

Minor damage resulted from a two car intersection collision at Euclid Ave. and A St. Sunday night.

Santa Fe to Give Crossing Cost in Two Weeks

How much it will cost to construct a grade crossing on Second avenue at the Sante Fe right-of-way will be reported to Upland city officials in about two weeks. Ralph Jones, assistant division manager of the Santa Fe, said yesterday.

The next step in the proposed grade crossing project is for the railway company engineers to report on the estimated cost of the crossing, flasher lights and automatic games, City Manager Richard G. Manley explained. He had written to Mr. Jones asking for an estimate.

Mr. Jones told The Upland News his crews had been rushed and that an estimate would be compiled before the middle of this month. An estimate on the cost of the flasher lights may be made this week but that is only one phase of the proposed plan. The city council is seeking to connect Second avenue and join together "North" and "South" links of the thoroughfare.

When the cost is known, decision will be reached between the city and the railway company relative to sharing the financial outlay.

Grove Theater to Host Youngsters at Free Movie Saturday

A free movie to mark the end of school will be shown at the Grove Theater Saturday at 10 a. m., with the doors opening at 9:30 a.m., for all children 12 years of age and younger, L. E. Willis, manager of the theater, announced.

Parents may call for the children at the end of the show at noon, he said.

Cartoons and a selected feature will be on the movie program.

President to See Water Lily Blooms Grown in Upland

A shipment of 1,000 water lily blooms will leave Upland Wednesday, en route by air, to be floated on a pool during graduation at Pennsylvania State college where Milton Eisenhower, brother of President Eisenhower, heads the college.

The blooms are a product of the Van Ness Water gardens, owned by Mr. and Mrs. T. R. Uber, 2460 N. Euclid Ave.

Water lily blooms were signified in the order as the favorite flower of the college, Mrs. Uber said.

President Eisenhower is scheduled to attend the graduation program at Penn State.

Car Club Organizers Confer With Sponsors

Charter members of the "Mountaineers" listen as Sgt. Harlan Jackson points out factors necessary to by-laws of the youth car club. Pictured at the meeting, seated from left to right, are Ken Erick, Sergeant at arms; Sgt. Jackson and Grant Elliott, treasurer. Standing from left to right are Don Lawrence, president, Jim Martins, vice-president, Police Officer Don Georges and Larry Knibbee, secretary. The two members of the police force are sponsors of the club.

Safe Cars and Safe Driving Main Aims of Youth's Car Club

A group of Upland boys finding time hanging heavy on their hands decided to do something about it.

Recently organized by the youths was a car club to promote safe driving, safe vehicles and outings to be enjoyed by all members of the club whether they are car owners or not.

"We realize," Don Lawrence, newly elected president, said, "that many young people our age miss out on outings such as trips to the beach and mountains because they have no car. It seems in this day and age if one doesn't have a car he is just left out. Our idea is to make available all cars in the club for all members."

Other officers elected recently were Jim Martin, vice president; Larry Knibbe, secretary; Grant Elliott, treasurer, and Ken Erick, sergeant-at-arms.

The club members devised a general plan of operation and then went to Sgt. Harlan Jackson, and Officer Don Georges for an opinion. The two Upland police officers agreed to act as sponsors for the organization.

Club members are unanimous in their desire to promote safe driving. This is one of the musts to becoming a club member. All cars owned by club members must pass standard state tests for equipment and the drivers must be properly licensed.

Cars owned by members of the club will be kept in top condition by club members acting as mechanics.

"What we need now more than anything else is a building we can use as a repair station," Grant Elliott pointed out. "An old barn or shed where we can put up a hoist is all we need and the location is not important."

The newly formed club will be known as the "Mountaineers" and the club is open for new members. The age range is 15½ to 25 and applicants must have the written approval of their parents.

"The meetings are open to parents of members and we are anxious for new members," Ken Erick said.

Youths interested in becoming a member of the car club can obtain necessary information by contacting one of the club officers or one of the sponsors.

Graduation Exercises June 9 for 101 Ninth Graders; Allen Smith to Speak

Allan Smith, personnel director for Chaffey district schools, will deliver the commencement address during graduation exercises for Upland Junior high school 9th graders at 7:30 p. m., June 9 in the Elementary school auditorium when 101 graduates receive diplomas.

The subject of Mr. Smith's address will be "The Builders."

William Gilliland, president of the Chaffey district school board will present diplomas to members of the graduating class.

Awards will be made to outstanding students by the Upland Woman's club, the Upland American Legion post, and the Upland Lions club.

The Woman's club awards of $5 for the outstanding boy and outstanding girl in the graduating class will be made by Mrs. O. E. Hatch Jr., president of the club

Sherman Bennett, commander-elect, will present the Legion award to the outstanding boy in the class using courage, honor, service, leadership and scholarship as the basis for selection. An engraved plaque and medal will be presented.

Harold Musser, president of the Lions club, will represent the organization in presenting a medal and plaque to the outstanding girl in the graduating class based on the same judging factors as used by the Legion.

Graduating Class

Honor students in the graduating class are Jeanette Amberson, Ken Calhoun, Madeline Furry, Sharron Hendon, Judy Horvath, Sherilyn Maxwell, Tony Seitz, and Sandra Thomas.

Other members of the graduating class are:

Rose Mary Adame, Larry Allen, Natalia Andrade, Susan Apel, Jennie Armijo, Ernie

Leads Athletes

MISS PHYLLIS BLATZ

Miss Phyllis Blatz, daughter of Mr. and Mrs. M. B. Blatz, Alta Loma, has been elected president of the Woman's Athletic Association, University of California, Berkeley. She also received the All California Women's Basketball award and was admitted to the Women's "C" society. She graduated from Chaffey High school in 1952.

Uplanders Aid Memorial Rites

Many Uplanders had important parts in the community's observance of Memorial day with Sherman Bennett, Upland, president of the West End Veterans Coordinating council directing the program. Veterans plot at the Bellevue cemetery was the scene of the impressive ceremonies.

Sam Wickersham was master of ceremonies. An Upland American Legion firing squad fired a three volley salute with William Nichols playing taps.

Mr. Bennett, who is also commander of the Upland post of the Legion, delivered Lincoln's Gettysburg address and the Rev. Trusten A. Hart, Upland Presbyterian minister, delivered an inspiring memorial message.

James H. Larkin read "General Logan's Orders" and Francis Wilson sang "There is No Death." Alice Rose Wilson accompanied him at the organ.

50 Acres Sold In South West Area for Houses

With four owners involved, sale of 50 acres of citrus west of San Antonio avenue between Seventh and Eighth streets, is under way today in escrow proceedings. Roven-Spiegel Co., Los Angeles, are the buyers with plans under way for a commercial subdivision. Construction of 280 houses on the property is planned.

Previously sold for subdivision in this area were 30 acres and a tentative plan for this tract is in the city hall. The 80 acre area, is scheduled to be developed more or less along the same street plan.

Sellers of the properties are H. R. Alderfer, Mrs. Etta Johnston, Earl E. Hawthorne, Harl Thomason and his brother and Miss Lela G. McClelland. Hensley & Hawthorne, real estate brokers, handled the transaction.

The 30-acre tract sold recently by C. S. Nicholson, Mrs. Ethel Bartlett Smith and Wolfe & Son, is scheduled for early residential development.

Lots of 7,500 square feet are required by the city's zoning ordinance.

Lose a Buck? Identify it and You Can Have It

An Upland woman who does housework had quite a surprise recently when the wind blew some folding money along the street at her feet.

She's holding the currency for the person who can establish ownership.

"I know how I'd feel if I lost it," she said. "I want the owner to have it back."

Her telephone number is 327-134.

UC Grads To Hear Prexy of Sister College

The annual Upland college commencement program will be Sunday at 3:00 p.m. in the campus chapel with President John Z. Martin presiding.

It was announced today that guests are already arriving from the East for this special occasion, and that the public is urged to attend and become a part of the program.

The invocation will be given by Bishop H. H. Brubaker, president of Niagara Christian college, a sister school, located near Niagara Falls in Ontario, Canada.

Special music will be presented by the choral society including "Churchmen of Christ" by Whitney, and "Now is Come the Salvation of our God" by Protheroe.

The commencement address will then by presented by Dr. C. N. Hostetter, Jr., President of Messiah college of Grantham, Pennsylvania. Messiah college is a sister institution to Upland college having been founded by the Brethren in Christ church. Dr. Hostetter holds a doctor of letters degree from Greenville college, Greenville, Illinois and a doctor of divinity degree from Houghton college, New York state.

Following the main address, presentation of degrees and diplomas will be made by the Upland college dean, Dr. Wendell Harmon, and the benediction will be led by Vern Zook.

Packing House To Be Scene of Radio Broadcast

Wide interest is expected at the annual open house program in the Cucamonga Mesa Growers packing house, East Nineteenth street, next Tuesday. Nelson McininCh, who has established a wide following with his agricultural news broadcasts, will conduct a broadcast over KNX at noon as one feature of the open house program.

Members have been invited to join for a lunch and guests have also been invited to visit the packing house in operation. Officials of the Sunkist Growers will be present to help welcome the visitors.

Presence of Mr. McInInch is expected to be of wide interest to many local citrus growers and the general public.

A leased wire will connect the packing house with the KNX studio. The announcer will describe his surroundings and will probably interview various leaders, including Norman S. Lawson, president of the local growers' organization and leaders in the Sunkist industry.

Melvin Henderson is manager of the East 19th street house and has made arrangements for the annual open house program.

High Sierra Scout Camp Work Ready For Skilled Help

A call went out yesterday for carpenters and plumbers to join a work party this week end at the Boy Scout camp under construction in the High Sierras, Howard Mason, activities director, announced.

The weekly work parties have completed pouring of foundations for cabins, mess hall and cook shacks. Carpenters are now needed to build the cabins and plumbers to install pipes and fixtures, he said.

Skilled workers, who will volunteer for work party duty, can gain more information by calling Mr. Mason, YU 317-891.

5 Local Drivers Among Winners As Track Opens

The Upland Quarter-Midget Assn. was represented by 19 cars at the opening of a new track at Lancaster Sunday with five local drivers winning races.

With 46 cars entered from five associations, three novice races were necessary, Don Domes, president of the local association, said. Sherry Peck, 5, Riverside and Walter Warring, 8, Monterey Park, members of the Upland association were novice race winners.

Bobby List, 8, Upland won a consolation race. He came in second but the winner was disqualified.

Tommy Graham, 10, Claremont won the semi-main event, and Johnny Pryce, 11, Sunnymeade, was main event winner. Both drivers belong to the Upland association.

The quarter-midgets will race next Sunday on the local track in Memorial park.

Carpenter To Head I. O. O. F.

Louis Carpenter, Ontario, is scheduled to be the noble grand of the Euclid I.O.O.F. lodge, with elections next Tuesday. He is the only nominee for the position now held by Arthur Stroh. The only contest will be for vice grand with two nominees, Chris Zimmerman and James Burge.

On June 12, a lodge memorial service will be held in the Ontario Baptist church and a large I.O.O.F. delegation is scheduled.

On June 31, the district public relations committee will meet here with Robert Frady, chairman of the group, to discuss lodge publicity and events. Each of the five lodges in the district will be represented.

Little League Officials, Umps Meeting Tonight

A meeting is called for 7:30 tonight in the Odd Fellows hall for managers and coaches of Little and Pony league teams for a conference with umpires who will work games during the coming year, Garwood Warders, league commissioner announced.

The meeting is planned to acquaint both managers and coaches with playing regulations and requirements, Mr. Warders said.

First games of the season will be played June 10 for the American and National leagues and June 11 for the Pony league.

Germany Impresses Uplanders on Three Month Tour of Europe

Germany's rebuilding following the war and attitude of the German people is outstanding in the opinion of Mr. and Mrs. Leland Scheu, 2031 North Euclid avenue, who are home today following a three month European tour.

Traveling in Europe by car, the Uplanders were enabled to get a close contact with people in England, France, Italy, Germany and The Netherlands.

"It was amazing to us to see how the German people have rebuilt and how that country has recovered since the war," Mrs. Scheu said.

Mr. and Mrs. Fred Thomson, 368 Country Club drive, Red Hill, recently returned from Europe and the two couples spent three days together in England.

Mr. Scheu is head of the Scheu Products Co. and the Scheu Steel & Supply Co. here.

Rabies Vaccination Clinics Announced

About 50 children who missed their second polio vaccination shots because of illness will receive them Monday morning, at Sierra Vista school, Miss Janet Johnston, public health nurse states.

All other first and second grade school children have had the shots and there have been no re-actions, Miss Johnston said.

213 Lots In Prop osed Developments

Three Subdivisions, Future Sidewalk Policy on City Council Agenda Tonight

Planners Reduce Tract Submitted For Zone Change

Among planning commission recommendations for approval to be acted on tonight by the city council will be three subdivisions of 213 lots, a definite future policy on sidewalk requirements, a zone change to allow a commercial development and a record of survey.

Coming to the council recommended for approval is a subdivision proposal by the Hallett Development Co., Brea, on 18 lots joining Sierra Vista Elementary school property on the east and north of 14th St. This is a continuation of rapid subdivision activity in this area.

The planners also recommended for approval the first subdivision tract in the Bertisch-Medwick development at the easterly city limits north of Foothill Blvd. This first tract includes 72 lots in 20 acres and lies at the southwesterly corner of the 110 acre proposal. Although a strip for commercial development is between the subdivision and Foothill Blvd., the planners stipulated that a 45 foot wide border road be developed according to requirements on this boulevard.

The general street and lot pattern for an 80 acre subdivision between San Antonio and Mountain Aves., between Seventh and Eighth Sts., was approved with several items referred to Simon Eisner, planning consultant, for future study.

The tract contains 30 acres at the easterly side for immediate development. In this are 123 lots. The tract is being handled by Hensley & Hawthorne, local realtors.

Although the entire 80 acres was submitted as a self contained unit, 10 acres is not committed for immediate development with 40 acres indicated for development pattern when the owners decide to subdivide in the future.

Sidewalk Police Set

Following a request by the council, the planners agreed that sidewalks should be required in all future developments in zones including lots of 10,000 square feet, (R-1B) and along all other east and west streets in developments of larger lots with no sidewalks required along Euclid Ave. in areas where lots are larger than 10,000 square feet.

An application for a record of survey be H. E. Engle on a lot 128 feet south of Arrow highway on Mountain Ave. was held in abeyance until access is provided for the lot. The lot is 104 x 128 and is located one lot depth from the street.

A record of survey was approved for Joseph A. Curtis, by the planners, on a lot on the south side of Seventh St. 247 feet west of Campus Ave. The lot is 135 x 50 feet.

The planners reduced a zone change application from five acres to a lot 313 feet on Mountain Ave. by 173 feet on Eighth St. on an application by Vincente Vernaci who stated in the application that he desired to enter the commercial nursery field. The area is shown on the master plan as future commercial and is in agriculture zone at present.

The planners agreed that the entire area was not needed for commercial use. Only the area where a building for retail sales and maintenance of stock would fall in commercial zoning, they said. Use of the greater portion of the acreage for nursery culture maintains the land in its present agricultural use.

First Action Taken in Withdrawal of Fontana From Chaffey District

The Chaffey district school board, following a recent caucus, has signified it wishes to hold a district-wide election on the proposed separation of the Fontana high school district, William Gilliland, president of the board, announced at a recent joint meeting with the County Committee on school district organization.

Members of the Chaffey and Fontana school boards met with the county committee to set up a proposed time schedule separation to be completed by July 1, 1956. This plan also called for unification of the Chaffey district with the local elementary school district.

George Hale, representing the state educational board, said the state education code makes the decision rest with the high school board. He said this was the first time in his experience he heard of a high school board wanting such an election.

Representatives from Fontana indicated they desired the Chaffey board to hold the vote only in the Fontana area of the district.

In order to effect the change by voters either of the Fontana district or the entire Chaffey district, a recommendation must be presented to the state board at least 30 days before the July 27-29 meeting at Arcadia, Mr. Hale said. Two meetings of the county committee were scheduled in order to meet this deadline, one for June 13 and the other June 20.

Plaudits to Game Men and Boys at Joint P-T A Summer Style Show

Mrs. Rick Byrket, president of Upland Elementary Parent-Teacher association, and Mrs. Walter Stewart, president of Baldy View Parent-Teacher association, have announced that approximately $200 was cleared at the Parent-Tots-Attired style show sponsored jointly by the P. T.A.s last week in the Upland school auditorium. The money will be divided to meet the coming year's budgets.

In the gay setting of colored pillars, lacework garden furniture and handsome shrubbery three types of summer apparel were shown by about 75 models, climaxed by a wedding reception scene. Models were parents, faculty members and students.

Biggest applause of the evening went to the men and boys who entered good naturedly into the spirit of the evening and took their bows like veteran models.

Oren Volz and son Eddie showed father and son denims. Jack Atwood and Gene Dary displayed Bermuda shorts and sport shirts. Mr. Dary was wearing a shirt of his own design.

Peter Calzada wore bathing trunks and a white shirt. Doug Long's outfit was a gay Hawaiian print shirt and trunks and Bobby Bianco's coraltone denims were one of the newest color sensations. Tommy Ackerson, Carlos Ynostroza, Ray Jiminez, Robert Brown and son Chris Brown, Harry Crowe all wore their sport ensembles with distinction. Harry Crowe was the final male model displaying a graduation suit.

Mr. and Mrs. Rudolph Kleckner and son Jeff Kleckner wore matching faded denims. A three generation team in pretty afternoon attire were Mrs. Merrill Conn, her daughter, Mrs. James Bowman and grand-daughter, Sandra Jo Bowman.

Other models were the Mesdames Eldon Winterbourne, Robert Erickson, William Ryan, Allen Lee, Harry Wright, Mike Neel, Jack Cranston, Allen McGowan, Jay Leman, Bobbetta Mayer, Sam Hendricks, Ray Davis, David Armstrong; the Misses Ndala Hall, Jeannie Trapani, Dorothy Donahue, Beverly Behm, Barbara Kowalik, Julie Thrall, Carolyn Caindez, Janice Batson, Diane Claflin, Kay Gannon, Paula and Florence Cabais, Margaret Hart, Donna Busch, Sherry Benish, Rebecca Stewart, Susan Leman and Mary Ann Murray.

In the realistic wedding reception scene were Mesdames James McCrae, James Latimer, Bobbetta Meyer, Robert Carlson, Misses Elizabeth Murphy, Ndala Hall, Sandy Cummins, Sharon Kirkpatrick and Master Billie Summers.

Mrs. Oren Volz was the commentator and co-ordinator in charge was Mrs. Jack Lepoff.

Delegates, Visitors Expected Early Next Week for Church Conference

First delegates and guests are expected to arrive early next week for the general conference of Brethren in Christ churches in the U. S. and Canada as workers and committee members move equipment and furniture onto location on the Upland college campus to accomodate 1500 visitors and representatives from many Brethren churches.

Conference sessions will start Wednesday and run to the following Monday, Dr. Henry Brubaker, chairman of the executive planning committee, announced.

A large tent is being erected to serve as a dining room and present college dining room facilities will be used to prepare and serve food.

Assisting Dr. Brubaker on the committee are Rev. A. C. Burkholder, assistant chairman; Leslie T. Unruh, secretary; Benjamin G. Lenhert, assistant secretary; Hiram R. Alderfer, treasurer; Vern Zook, assistant treasurer; Rev. John Raser, pastor of the Pasadena Brethren in Christ church; Maynard Book, Upland college; John Z. Martin, president of Upland college; Abner Haldeman, business manager Upland college, and Amos Buckwalter, western representative of the general conference program committee.

Plans have been made to provide 4,500 meals a day, parking for many cars, recreational and relaxing conveniences with lodgings in homes of members of the Upland congregation of the church.

Kansas Ensemble Singing Sunday At Local Church

The vocal ensemble of Bethel college, North Newton, Kansas, will present a program of sacred music at the First Mennonite church, 379 N. Campus Ave., Sunday evening, at 7 o'clock.

The singers comprise a small carefully chosen group of students, directed by Miss Elvera Voth. In their Upland program they will draw upon a wide range of church music including that of Bach and Mendelssohn, European carols and tunes, as well as more familiar hymns.

There is no admission charge, but the free offering will go to the ensembles' expenses.

When lichens are attached to window glass, the chemical action eventually will dissolve the glass.

Nature Of Evil Sermon Topic

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism Denounced," will be the Sunday lesson sermon at the Ontario Christian Science church Sunday.

The Golden Text is from the Psalms (119:33, 104): Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end. Through thy precepts I get understanding: therefore I hate every false way.

Worker to Tell Of Work With Indians

Dr. Henry Hedrick will preach at the 11 o'clock Sunday morning communion service at Bethany Union church.

At 6:30 o'clock at the C. E. hour and at the evening service at 7:30 o'clock, Dr. Hedrick will tell of his work as president of the American Indian Liberation crusade. Colored pictures of the Indians and their conditions will be shown.

AWAITED SHIPS

A "widow's watch" is a small plaza enclosed by a railing at the top of many homes on Martha's Vineyard. The outlook faces the sea and there wives of the old whalers waited and watched for the return of the ships.

A pail of water set in a freshly painted room will help remove the odor.

Open House Sunday At New Violin Studio For Music Lovers

Mrs. La Rae Swingle

The Swingle Studio of Violin, recently opened at 327 South Euclid Ave., by Mrs. LaRue Swingle, will hold open house, Sunday afternoon, from 2 o'clock to 5 o'clock.

St. Mark's Episcopal church will hold three services Sunday beginning with the Celebration of the Holy Eucharist at 8 a.m., with the Rev. Joseph A. Erickson, Jr., rector, as the celebrant and with Don Hill senior acolyte serving.

Family Morning Prayer and church school will begin at 9:30 a.m. and at 11 o'clock there will be celebration of the Holy Eucharist and the sermon for the day.

This Sunday has been set asiue as "Builders for Christ Day," in Episcopal churches and special offerings will be taken to further seminary expansion and other educational institutional expansion. Offerings will aid the Church Divinity School of The Pacific, at Berkeley.

The junior choir will sing "We Would Be Building" by Sibelius at the morning service. Acolytes will be Louis Edelman, Michael Rush, Norman Stanley, Thomas Bassett and John Whittaker.

"The Cherubim Song," by Bortninsky will be sung at the 11 o'clock service by the senior choir. Serving as acolytes will be Tyson Craven, Bruce F. Grube, Kenneth Harvey, Leslie Kalil and Richard Murray. "Chant Solonelli" by Lacey and "Fuga" by Mendelssohn will be played by Mrs. Charles Hawthorne, church organist at both the later morning services.

Methodists Observe Loyalty Sunday and Dedicate Pledges

The First Methodist church will observe "Loyalty Sunday", with two identical services in the morning at 9:30 o'clock and at 11 o'clock, at which time pledges will be received and dedicated.

Dr. Ralph W. Lee, minister, will preach on "Our First Allegiance". At the 11 o'clock service June graduates will be honored.

Music will include the anthem, "This is My Father's World". "My Heart is Ever Faithful", by Bach, will be sung by Lucille H. Kaufman, soprano.

M. Y. F. groups will meet at 6:30 o'clock and 7 o'clock.

Vesper service will be at 7:30 o'clock and Dr. Lee's evening sermon will be "Enthusiasm For Life's Ideal". Mrs. Vera Cameron will be the soloist.

Church To Honor Sunday Teachers

"Tongue Tied," will be the title of the sermon preached by the Rev. Trusten A. Hart, at the First Presbyterian church, Sunday morning.

Church school teachers will be honored during the service.

The Junior High and Senior groups will meet in the church in the evening at 6:30.

St. Mark's Picnic At Park Sunday

St. Mark's Episcopal church school picnic will be held Sunday afternoon, from 3 o'clock to 6 o'clock, at the Upland Memorial park. Mrs. Frederick G. Bissell heads the committee of church school teachers in charge. All families are invited to bring picnic suppers. Lemonade and ice cream will be supplied and there is a program of activities planned.

Fort Okanogan was the first American structure built in the present state of Washington.

By a "cover," stamp collectors mean the entire envelope with postage stamp adhering.

Brethren Leaders Speaking Sunday

Bishop Henry Ginder, of Mandeim, Penn. will speak at the 10:45 o'clock morning service at Brethren in Christ church. The Rev. Mr. Ginder is chairman of the church's Home Mission board.

The Rev. H. H. Brubaker, president of Niagara Christian college, Fort Erie, Ont., Canada, will be the guest speaker at the 7 o'clock evening service. The Rev. Mr. Brubaker is also general conference secretary.

Both ministers are in Upland to attend the General Conference of the Brethren in Christ church, which convenes at Upland college, June 8.

The public is invited to hear these visiting leaders.

Rabbi Feldheym Rotary Speaker

Rabbi Norman F. Feldheym, past president of the San Bernardino Rotary club, spoke to Upland Rotarians at the Wednesday luncheon meeting at the Upland Woman's clubhouse. His inspirational address was on "Why Rotary Is Important."

It was called to the attention of members that the following Rotarians were married in the months of June: Robert Frady, Jesse Jensen, James Goodban, William Beard, Ralph Miller, Edward Hansen, Walter Holts, Floyd Allen, the Rev. Trusten A. Hart, Charles Walker, Robert Hickox and Jack Hurt.

Memorial Day Is Theme of Lions' Meeting Speakers

Thoughts of Memorial day were effectively expressed for members of the Upland Lions club Thursday by Nancy Hennessey and Robert Dunning.

She analyzed the pledge of allegiance to the flag and phrase by phrase stressed its meaning to all patriotic, freedom loving Americans. A speech student at Chaffey college, she appealed to active loyalty to the nation. She is the daughter of Clarence Hennessey, who served as program chairman.

President Harold Musser presided.

'Longhouse' Formed By Y.M.C.A. Group

Chiefs of the Ontario-Upland Indian Guides have organized a "Longhouse," a new group sponsored by the Y.M.C.A. The Indian Guides is a father and son program.

A trip to the Y.M.C.A. camp June 11 and 12 is the first project of the new group. Ambrose Clark was named chief of the Longhouse. Sgt. John Wesseley of the Upland police department is one of the leaders in the new group. Other organization leaders are Jack Holloway, Robert Johnson, Ernest Heald, Claude Culbert and Robert Jennings.

Masonic Advertising Plan is Refuted

Michael J. Hanna, master of the Upland Masonic lodge, issued a statement yesterday advising merchants the lodge never authorizes its name or emblem to be used in the solicitation or publishing of any advertising.

The statement was prompted by reports from merchants here and elsewhere that solicitors are reportedly being made in the interests of a Masonic publication. He said the sales approach "was unscrupulous" and he urged all advertisers to refrain from being influenced by any attempted use of the Masonic name.

Jan Swihart, 12, Takes 4-H Lead With Grand Champion Saanen Goat

If goats could talk, Valentina Mae, Claudine, Valerie and April would learn that goats don't have it so soft! The four goats comprise a small but select herd owned by the children of Mr. and Mrs. Donald H. Swihart, 330 West Ninth avenue. A 4-H sign in the front yard testifies to the scientific care given the animals.

Jan Swihart, 12, a pupil at Upland Junior high school, started raising goats three years ago. She bought Valentina Mae, a pure-bred Saanen, from a goat milk dairyman at Chino, for $40. Actually her mother and father put up the money. Valentina Mae showed her appreciation by bringing home $30 in prizes the first year. Selling the offspring and milk covered her keep and made it possible for Jan to own her completely and free of debt.

Jan, who had entered 4H by way of the poultry club, used some of her chicken money to get herself established as a goat raiser.

Chickens Keep

The Swihart children believe in keeping a good thing in the family. Patsy, who is 10 years of age, likes goats, too. Jan sold her one of Valentina Mae's kids, a pretty creature called Valerie. Patsy is now a 4H member. Her charge has brought her a bit of prize money as she has taken firsts at four shows and two second prizes.

This makes two of the younger Swiharts officially in the U.S. agricultural field, because 4H members must keep accurate records of their stock. There are four youngsters in the family.

David looked with interest on the activities of his sisters so he got into the game. Gallantly he decided he didn't want to be competing with his sisters. His goat April, is a Togenberg, a light cocoa and white goat soon to freshen.

When she does David will profit by milking her, but his income entries started when she brought him two first prizes at the last Chaffey fair. Donald is nine years of age and not yet old enough to be a 4H member, but he is making plans.

Champion Award

Jan is still on top in family competition as Valentina Mae has been twice declared grand champion of all goats at the Chaffey fair. Claudine, one of Valentina Mae's kids is being retained by Jan, because goat's milk, at 30 cents a quart, can be profitable.

The Swihart children were quick to point out the cleanliness of their goats and their friendliness. Goats do almost talk, the children said and feel that the goats show complete satisfaction with their surroundings in a sweetly scented orange grove — their one complaint being not to be permitted to chew up the trees!

Mrs. Swihart is happy to have her children in the 4H club. She also explained that the goats supply all milk for the present time and in addition the children are able to sell three gallons a week.

Small, But Select Goat Herd, Profitable Family Venture

David, Patsy and Jan Swihart, with their pure-bred goats are busy happy youngsters, who are making a profit, as well as having fun, raising goats in the orange grove of their parents, Mr. and Mrs. Donald H. Swihart, 380 West Ninth avenue.

Cucamonga Graduation

Graduation exercises of grade eight students at Cucamonga Elementary school will be held at the school, June 15, in the evening at 7:30 o'clock. The 38 students in the class will be attending the new Upland High school in September.

George B. Harrison Claimed by Death

George B. Harrison, 85, died Tuesday in Ontario after having lived in this area many years and after an active civic and business life here and elsewhere. Among the survivors are his widow, Adelaide Ligon Harrison, a son, E. Birch Harrison, Upland, a daughter, Mrs. John Awdry Armstrong, Ontario, four grandchildren and two great grandchildren.

Mr. Harrison had been active in banking most of his life and was a director of the former Commercial National bank of Upland. He was also a former director of the San Antonio Water Co. In Denver he was president of the Denver National bank. He lived for many years here, later in La Jolla and more recently in Ontario.

Services at Forest Lawn, Glendale, will be private.

Upland Youngsters to See Films Sponsored

To serve as safety reminders to vacation minded youngsters the Upland Safety council is currently sponsoring a series of films in the Upland schools.

The films deal with bicycle safety, home safety, swimming safety and boating safety. The presentation of the films is being accompanied by talks by Officer Felix Quesada of the Upland police department, and Jack Hurt local Boy Scout executive.

Last Friday night, guests who attended the Hi-Y dance at Upland Junior high danced to music by the Rhythm Rollers from Fontana. Ronnie Weitzel was the lucky winner of the door prize a flash camera.

Next year's student council for the new high school and a few eighth-graders on the planning council skipped school a week ago to visit La Habra high school. After a complete tour of the campus, they had luncheon and discussed problems with students and teachers of the school.

Thursday evening 14 students from Upland Junior Hi modeled in the P.T.A. style show at the Elementary school auditorium. The models who sported the latest thing in teen-age clothing were Julie Thrall, Beverly Behm, Diane Claflin, Kay Gannon, Margaret Furry, Madeline Furry, Ray Jiminez, Harry Crowe, Sandy Thomas, Sherry Maxwell, Peter Calzada, Doug Long, Dorothy Donahue, and Donna Busch.

A special assembly was held Thursday to announce the winners of the W.C.T.U. and American Legion essays.

The W.C.T.U. essays were on alcohol and narcotics with winners in each grade. Those who hit the jackpot in the ninth grade and won the cash prizes are Madeline Furry, first place; Susie Apel, second; and Harriet Hastings, third. First, second and third place honors in the eighth grade were carried off by Sally Gardner, John Echelmeyer, and Norman Litchfield respectively. In the seventh grade James Britain came in first with Kenny Smith and Beverly Behm, taking second and third places.

"The Star Spangled Banner" was the subject of the American Legion essays. In this contest, Dorothy Donahue took first place, Donita Bastedo, second, and Charles Burkholder took third.

The "Poppy Poster" contest was won by artists Diane Claflin, first place; Virginia Brancacio, second; and Ronnie Sheets, third.

Mary Pulver, of North Second avenue, sprained her ankle last week while running across the school ground at St. George's. She's especially concerned at the prospect of having to limp through graduation and parties in the near future.

Don Gottfriedson to Be Awarded Masters Degree at Claremont

Don Gottfriedson, Upland, receiving a master of arts degree, will be one of 65 to receive advanced degrees during the 28th commencement of the Claremont Graduate school Saturday at 4 p.m. with Provost Fred Hard awarding degrees.

Lynn T. White, Jr., president of Mills college, will speak to the graduates on "A Temperature of Thine Own," in the auditorium of Claremont Men's college student union.

Candidates will be presented by Dean Luther J. Lee, Jr., in behalf of the board of fellows of the graduate school.

Traffic Crash Injuries Fatal For Chino Mayor

Funeral services were conducted yesterday morning for Chino Mayor John R. Newman who was fatally injured in a two-car crash early Sunday at the intersection of Arrow highway and Central Ave.

Jose Medina Jiminez, 29, Mexican National, living at the San Antonio Employment Assn. camp at 4918 Mission Blvd., Ontario, was driver of the other car. He was arraigned in Upland Justice court before Judge Fred H. Jacobs on a felony manslaughter count Tuesday. Judge Jacobs set preliminary hearing for June 9.

Funeral services were held in the Chino First Methodist church with Rev. Harold A. Loy officiating. Masonic Lodge rites were conducted as part of the church service. Entombment was made in Pomona mausoleum.

Mayor Newman, accompanied by his wife, Evelyn, 45, were southbound on Central Ave. en route to Chino after visiting with relatives in Claremont. Jiminez was westbound on Arrow Highway with seven other passengers in his car.

The force of the collision overturned the Newman car throwing Mr. and Mrs. Newman clear of the machine and into a lemon grove at the edge of the intersection. They were taken to the Pomona Valley Community hospital where he died an hour later.

Mrs. Newman was reported in fair condition and showing improvement from multiple injuries at the Pomona hospital.

Highway patrol officers said neither car driver applied brakes before the collision. Entry to Central Ave. from Arrow highway is protected by a boulevard stop sign.

Mayor Newman was named to the Chino city council in April 1954 and he was manager of the Patten-Blinn Lumber Co., Chino.

Besides his wife, he is survived by two daughters, Barbara, 17, a senior in Chino high school, and Mrs. Ann Katz, of Altadena, a son Charley Ray Newman, of Azusa and his mother, Mrs. Emma Newman, Claremont.

Griffith Mortuary, Chino, was in charge of arrangements.

West End Rugby Team to Play 3 Home Matches

The West End Rugby team, captained by Ian Richardson, Upland, will play a series of three Friday night games during the next three weeks at Graber Field with the first match at 8 p.m. tomorrow with the Eagle Rock Athletic club.

The West Enders returned victorious Friday night from a fray with Lancaster after posting a one-sided 25-3 score.

Don Lamb scored his first try and Jim Hansen converted for two points. Ed Staudemayer ran over the next three points followed by a similar play which scored Charles McLaughlin. Captain Richardson was next to score. Richard Krebill went 50 yards through the center of the defense to score and Dan Anady scored next on a passing rush. Bob DiGiantomasso completed the scoring on a 40 yard passing rush originating with Jerry Aria. DiGiantomasso converted his own goal.

Five Upland business houses to date have supported the West End team with donations. This has been all the support shown the team financially, Ian Richardson said.

LETTERS TO THE EDITOR

I have just learned that the National Federation of Licensed Vocational Nurses has selected California as the location for its 6th annual convention to be held at the Hotel Sir Francis Drake, San Francisco, October 23 to 30.

When I turned in a meeting notice for the L.V.N. to be published in your paper recently I realized that many people are not acquainted with the "L. V. N.s", a new baby in the nursing field. Few people have had occasion to learn about vocational nurses unless they are hospitalized.

The Vocational Nursing Act was passed by the California State legislature, July 23, 1951, under the title of Licensed Vocational nurses. The firs classification was and is the Registered Professional Nurse.

Since 1953 we have been growing steadily, awarding charters to divisions in 34 counties up to this time.

The National Federation (which has a membership of 20,00) is watching the California group with pride. That makes me very proud, as our association, of Vocational or "Practical" nurses has reached several goals through a lot of hard work, humbleness and tears.

Yours truly,
(Mrs.) B. Bateman, president.

Final results in the May 20 Chaffey election follow:

In favor of the $3,600,00 bond issue, 2,856; opposed, 3,985.

For the one position on the Chaffey board of education; Nelson A. Gray, 3,258; Dr. William Kelber, 2,040; Neville Crosby, 1,085 and Kenneth Parkin, 412.

Chaffey board members canvassed the returns in a special meeting May 27.

Raiders Lose 14-6 To Emerson; Drop Into Third Place

The Junior high Raiders sagged into a tie for third place in loop standing when they were soundly trounced by Emerson Junior high, Pomona, 14-6 on the home diamond Thursday.

Three Raider pitchers could not stem the hard hitting of the Emerson sluggers, and the locals trailed scoreless until the sixth inning when Skip Wulf connected with a homer with two men on base.

Wulf pitched the first two innings, giving over the mound chores to Kenny Calhoun who pitched three innings. Ruben Luna finished the game.

Mrs. Greco Wins School Vote Issue

Mrs. Tony Greco, incumbent, and Mrs. Carmen Hernandez are today winners of the May 20 balloting for membership on the Cucamonga school board.

Ballots cast May 20 were not recounted when a study was made Friday of the election by school board members. The vote was canvassed as provided by law. By a 3 to 2 vote, the board members "certified as correct," the results as tabulated by the election board.

This officially placed Mrs. Greco, with 93 votes, ahead of Calistro Gomez, who had 92 votes. Six ballots cast May 20 were discarded by the election board on the grounds either that the full name of Gomez was not used or that it had not been written in the proper space. Mrs. Gomez was a "write in" candidate.

Voting to accept the election board result without a recount were Board Members Mrs. J. R. Whitson, Mrs. J. M. Zimmerman and Mrs. Greco. Opposing this action were Board Chairman George Partridge and Mrs. E. E. Keith.

Mrs. Hernandez received 168 votes in the election and her position was not challenged.

Delay Decision On Central Ave. Business Plan

Who and how and where are unanswered questions concerning proposed plans for business development along Central avenue with members of the San Bernardino county planning commission withholding their decision on the most recent zone change application.

Development of business on the east side of Central avenue from the San Bernardino freeway to Seventh street is sought by Sage's market and C. H. Reeves, Pomona realtor. Opposition for such development was expressed at the commission hearing in the courthouse Friday.

It was pointed out to the commission, business zoning has been granted on Central south of the freeway and that plans are being prepared for the development. The city of Ontario also expressed objection through its planning consultant, Donald Bouma on the grounds that adequate provision for businesses has been provided.

Decision on the application may be reached by the commission at its hearing later this month.

Three Long Years Required to Complete Patent For Upland Inventor's New Rodent Poison Gun

By Gerry McGeer

W. N. (Bill) Williamson, Sr., 2106 No. Mountain Ave., in the workshop where he fashioned a poison dispensing gun that enables one man to do the work of four with the bucket and spoon method. The gun can be used from horse back, jeep. tractor or afoot. Each charge of poisoned bait is accurately measured.

W. N. (Bill) Williamson, Sr., 210 N. Mountain Ave., learned a lot about patents before he was recently granted one on his invention of a poison dispensing gun for rodent extermination.

It took three years and more money than Mr. Williamson cares to talk about to complete the gun. In the meantime it has been approved by wild life authorities and demonstrations have proved its worth as an effective means of placing poisoned bait for rodents.

Getting a patent has a lot of drawbacks, Mr. Williamson said. He first had to retain the services of a patent attorney who knew the ropes.

This attorney had to make a study of patent office records to learn if any infringements on other patents might be involved in the dispensing gun. These findings were passed along to Mr. Williamson. He had to prove his idea was entirely new.

He says proudly, and has established the fact, that his dispensing gun is the only one of its kind with an exact measuring mechanism for the laying of poisoned bait.

Like a Cylinder

It's designed in the form of a cylinder, with closed top, safeguarding the operator against any danger of offensive fumes. When loaded with poisoned grain it dispenses one teaspoonful at a time and holds a load of 250 teaspoonsful. The measuring piston inside the dispensing cylinder is triggered to drop the poisoned grain into the dispensing shaft.

An armhold on the cylinder makes one-hand operation possible from a horse or jeep.

The exact dosage needed to wipe out a burrow of ground-squirrels is shot into their holes so that no grain is left for birds or game.

First purchaser was the County of San Bernardino for the County poison program. The county bought two which sped up work to an unbelievable extent, Mr. Williamson said.

The 14,000 acre Kellogg ranch at Chino is another user of the gun.

The gun is precision made and the inventor admits that he won't make a fortune out of his idea.

Protects Food

"But I like food," he said "and anything that makes it possible to save and grow more food is important to me."

Twenty-nine parts go into the Williamson poison gun and the inventor manufactures these parts in his general garage next to his home.

This is not Mr. Williamson's first attempt to get a patent.

He says that his invention of wrenches for the controls of airplanes is being used by one of the big aircraft factories. He knew he had a good thing, but he received discouraging reports that his idea was a patent infringement. He didn't follow through,. This is something he can't do anything about, he said.

His patent will be a boon to citrus and other fruit growers because of the damage burrowing animals do to the roots of trees. Infestation is also serious in grain growing communities and it is for that purpose the guns are being used at Chino.

Angeleno Enters Plea Of Guilty to Burglary Count

William Pitts, 41, Los Angeles, entered a plea of second degree burglary when he appeared Friday in Upland Justice court before Judge Fred H. Jacobs. Information from Judge Jacob's findings will be filed for certification in Superior court tomorrow.

Pitts was surprised in the L. S. Byers home at 618 E. Ninth St., by Mrs. Byers on May 13. He was wearing a jacket taken from the service porch and was holding a flashlight taken from the home. He shed the jacket and fled but was picked up a few blocks away by Upland police. He had $3.55 in money in his possession, taken from the home.

Alexander Graham Bell, the inventor of the telephone, was active for 51 years as teacher, consultant, researcher and president of the board at Clarke School for the Deaf at Northampton, Massachusetts.

ORDINANCE NO. 487

AN ORDINANCE REGULATING THE CONSTRUCTION OF CERTAIN IMPROVEMENTS IN OR UNDER STREETS, ALLEYS OR EASEMENTS WITHIN THE CITY OF UPLAND, AND PROVIDING FOR THE ISSUANCE OF PERMITS AND THE SETTING OF THE INSPECTION RATES FOR THE SAME; AND REPEALING ORDINANCE NO. 42.

The City Council of the City of Upland does ordain as follows:

SECTION ONE: Permit Required. No person, firm, or corporation shall grade, prepare subgrade, pave, lay sewer or drain pipe and-or water mains, construct curbs, gutters, driveways, sidewalks, manholes, catch basins or similar structures in any street, alley, way or easement, which street, alley, way, or easement is dedicated or proposed to be dedicated for public or municipal use, within the City of Upland, without first obtaining a written permit from the City Engineer so to do.

SECTION TWO: Written Application Required. Any person, firm or corporation desiring a permit under this ordinance shall present a written application therefor to the City Engineer, setting forth the name and address of the applicant, details concerning the location, nature and extent of construction intended to be made, and the purpose for which said construction is to be made and used.

SECTION THREE: Each such application shall be accompanied by a fee of $1.00.

For construction, repair or alteration of sidewalks, curbs, gutters, driveways, subgrades, pavements, manholes, catchbasins and other simpar structures, and for excavation, laying and backfilling sewer (except house sewer laterals outside of public right of ways) and drain pipe lines and-or water mains, and for which specifications, lines and grades therefor shall be determined by the City Engineer, a charge for inspection shall be made and paid for in advance at the following rates.

CONSTRUCTION ITEM	INSPECTION FEE
Curb or combination curb and gutter, Per Lin. Ft.	$0.04
Cross Gutter, Per Sq. Ft.	0.015

5 to 10, Each	$4.00
Over 10, Each	$3.00

In any one job or project of construction involving one or more of the above described type of improvements, the minimum inspection fee shall not be less than $2.00, including the permit fee.

SECTION FOUR: Regulations. No person, firm or corporation performing work under this ordinance shall fail, neglect or refuse to remove all unused materials and debris within three days after completion of the work.

The materials used in the construction work may be stored on adjacent public property during the course of construction provided that the same are so placed and safeguarded by lights, warning signs and barricades, as not to constitute a hazard to public peace and safety.

No driveway approach shall cross over a lot line extended, without the consent of the City Engineer.

Raw materials and workmanship for work provided under this ordinance shall conform to applicable provisions of standard specifications on file in the office of the City Engineer.

Any person, firm or corporation doing work under this ordinance shall cause all such work to be inspected by the City Engineer's office, and shall notify said Department 24 hours before the time set for inspection. Work completed without such notice or request for inspection will not be accepted, and work done during the absence of said inspector may not be accepted by the City. All work to be performed under this ordinance shall be to the satisfaction of the City and in accordance with laws of the City of Upland and State of California and under the supervision of the City Engineer.

SECTION FIVE: Exemption. Nothing in this ordinance shall be construed to include the issuance of permits, or inspection included under the provisions of the Plumbing Code of the City of Upland or any amendments thereto.

SECTION SIX: Penalties. Sharps and Flats

By Chuck Barlow

After pulling a blooper in a Little league story - and if you didn't catch it you'll never learn about it from me - I decided the best thing to do would become familiar with details of Little league activity.

Knowing that Dick Nicholls was scheduled to speak to parents of Little leaguers, it struck me that my attendance might be in order. Dick was one of three men who helped start Little league play in this area. His two fellow workers have now passed on, but not until they saw the efforts of their work multiply fivefold from a modest start.

Dick was the first commissioner in Ontario and served until a heart condition forced his retirement abotu two years ago. He loves boys and baseball which suited him for this worrisome post.

He drove home the fact that Little league activity is a project; a community project that requires community support. "We have a lot less trouble with the boys than we do with their parents," he pointed out.

Carl Stock fathered the Little league idea at Williamsport, Pa. Interests that held boys entranced during past generations were fast becoming extinct. The swimming hole and fishing pool had disappeared as industry contaminated streams and advanced agriculture drained swamps, "Old Dobbin" had been crowded out of the picture by the horseless carriage, the great outdoors was fast becoming roofed by mammoth construction projects; while the blue grass and wild flowers were giving away to macadam and concrete slabs.

Boys were losing part of a heritage and were too young to work.

Mr. Stock outlined his idea and took it to Connie Mack, veteran major league manager, and Bugs Reardon, veteran umpire. They took the power plant he has designed and put wheels under it. The outcome was a workable plan for kid baseball.

The idea was picked up with enthusiasm and swept the country like a prairie fire. California was one of the last states to take on Little league play.

Individuals, business firms, or service clubs may sponsor teams in the leagues. The sponsors see that each player on their team is fully uniformed and equipped to play.

The boys seem to understand the workings of the league far better than their parents, Mr. Nichols points out.

WORK LIKE BEAVERS

During the clinics they work like beavers to improve their play and on the show nights, when boys are picked for teams, they are nervous as cats in a kennel. When they appear at bat, or get a chance to work in the field, on show night, they put all they have in each effort. They know they must be better than some of their contemporaries if they are to play on a league team.

Parents, that is some parents, seem to lack this understanding, Mr. Nicholls pointed out. His grief as a commissioner seemed to center on a few mothers who felt that their sons were not being allowed to play enough innings. They became downright boring about the matter, to hear Mr. Nicholls tell of several episodes.

He told of one mother who served notice on the manager that her son was to play more innings, and when the coach advised her that he was using the boys as he felt best justified for team welfare, she snatched her son from the dugout. She took the lad home, made him change from his uniform and return to the game with her and sit in the bleachers.

This woman had served notice and when crossed had carried out her threat. She felt justified.

LAD APOLOGIZES

The lad later looked up the commissioner and apologized for his mother's actions. He ended by saying there was nothing he could do because he had to mind his mother.

The thought behind Little league play is training in sportsmanship and fellowship. Such intolerant actions as that of the irate mother are not in keeping with the aim of Little league play.

Umpires are selected to help the boys and not to police them. If an umpire sees a boy playing out of position he is supposed to call the manager's attention, so the boy can be coached in proper play. These umpires are picked for tolerance and interest in boys.

'If they don't love boys like the rest of us do, then we don't want them," Mr. Nicholls said.

Managers are chosen as carefully as umpires. They can be picked either by the sponsor or by the league.

Among musts for managers are series of requirements to depict clean living. A manager must not use profanity at any time; appear for duty with any trace of liquor on breath; use abuse in talk or administer any physical punishment.

Managers and coaches, and the same regulations apply to coaches, must devote three or four nights a week, without pay to the interests of their team.

The important thing, according to Mr. Nicholls, is for parents to always remember they are part of a community project. Although their son might noa play as often as they think he should, they are still part of a vital community project that is for the food of leaders of other communities in the near future.

Tolerance and sportsmanship start at home and the parents should show as much in the interests of this community project as the lads do on the ball diamond.

Barney Carrari Receives Recognition for Outstanding FFA Project Work; Named to Head Chaffey Chapter

Barney Carrari and Bill Barrass, Alta Loma, Leonard Wilson, Etiwanda, and Joe Aleman, Cucamonga, received high recognition for outstanding work in the Chaffey chapter of the Future Farmers of America recently during the annual Parent-Son banquet at the student union cafeteria where they received a series of awards.

Project awards within the chapter were made by Joe Hecht and patron of local FFA livestock projects. Keen competition between 120 students was given special award recognition. Names of first place winners in each class are to be engraved on the perpetual bronze plaque held by the chapter.

Individual awards in each class included a plaque for first place a silver medal for second, and a bronze medal for third.

Barney Carrari was high award winner with a first in junior class project awards; first in county citrus judging competition; first in the best truck garden project with the award from the California Seed Assn., which was one of eight medals given in the state.

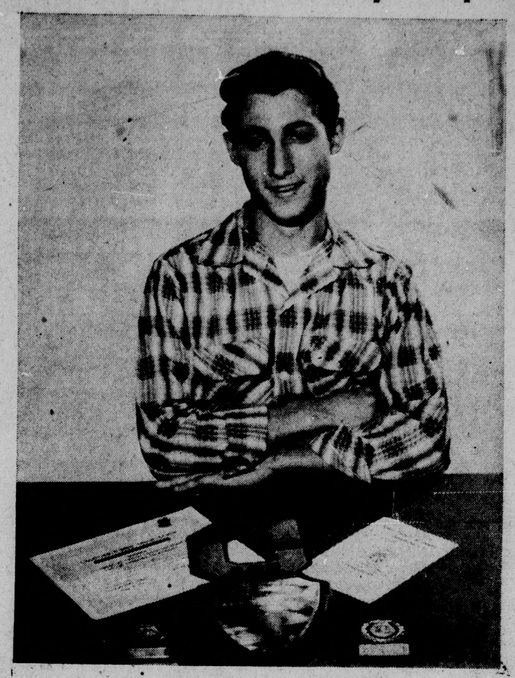

He was also elected president of the chapter for the coming year and was presented with a ring for first place in individual scoring honors under an FFA point system. He also received a block "C" letter.

Bill Barrass was second place winner for sophomore class projects, with Leonard Wilson first in freshman projects and Joe Aleman second.

Still staying in second place, Bill Barrass received a medal and $15 from the Pioneer Mill Co. in annual awards by that firm and was elected chapter reporter for the coming year. Leonard Smith was elected sentinel.

Barney Carrari was also one of a three member farm mechanics team that presented instructor Ivan Mayfield with an electric sander.

The fourth Ferguson tractor bought by the chapter, recently obtained through trading in a used tractor, was on display during the banquet.

Barney Carrari, son of Mr. and Mrs. Mike Carrari, 9618 Monte Vista, Alta Loma, climaxed his junior year in Chaffey high school agriculture with a table of certificates and placques at the annual Parent-Boy banquet held recently. Barney, a Chaffey Farmer in the Chaffey Future Farmers of America, was elected president for 1956.

Awards given him at the banquet included: First place in the junior project awards; first place in the country citrus section project competition; award for the best truck crop in the Southern California region; first place in the junior activity awards, and a block "C" letter.

Fire Prevention Measures Ordered In National Forests

Rangers have been instructed to institute enforcement of fire prevention laws within the national forest boundaries due to seasonal fire hazards, Sim Jarvi, Forest Supervisor, announced.

Fire ordinances in San Bernardino and Riverside Counties require a written permit to build campfires. Smoking is permitted only at designated places, campgounds, and places of habitation. Fireworks are not permitted within the national forest boundaries; and no lighted substance, including cigarettes, should be thrown from a moving vehicle.

Possession or firing of tracer bullets on or across brush covered land is prohibited by state and federal fire laws at all times.

Forest residents are reminded that the law requires the cleaning up of fire hazards from debris may be done only under a written permit.

Academy Senior Class Presents Annual Program

"This is Our Life," was the program theme carried out Tuesday night by the Upland college academy graduating class at the college chapel under the direction of Gordon Engle, principal of the academy.

The theme dwelt on the past, present and a prophecy for the future. Songs, recitations and speeches made up the program.

Graduating Class Are

Members of the graduating class are Marjorie deVries, president; James Croutcher, vice president; Muriel Ten Harmsel, secretary; Ronald Baker, treasurer; Jean Bickmore, Raymond Buckwalter, Ruth Byer, Joyce Carpenter, Dorri DeWit, Myrna Duncan, Florine Garrison, John Hall, Ronald Maust, Elizabeth Musser, Willene Rietkerk, Charleen Spisak, Karen Strickland, David Swift, Geraldine Whitcher, and Celeste Wiles.

The center attraction of the program was the annual ceremony of presenting the torch. Miss Marjorie deVries, Redlands, president of the senior class gave the burning torch, symbolic of high school spiritual leadership, to the president of the junior class, James Putt.

Businessmen Hear Atomic Eye-Witness

Harold Merchant, professor of chemistry at Chaffey college gave an eye-witness report of the recent atomic tests in Nevada, when he spoke at the regular meeting of the Exchange club at Sycamore Inn last week.

Members of the club have organized a work party to assist at Camp Conifer, where the Girl Scout camp is being readied for the summer.

The Exchange club is planning to attend the Little League game, June 10 when the club's team plays its first game.

Mrs. J. F. Sawyer Serves Community Well as "Fourth Vice-President"

The Upland Woman's club building has become a community center throughout the years.

It is used many times every week by many organizations in the Upland district as well as for meetings by Ontario organizations.

Woman's club presidents serve one or two years — and then their duties are passed on to someone else. Not so, with "manager" of the building.

Mrs. J. F. Sawyer has served tirelessly and efficiently in her job of fourth vice-president or "house chairman." Due to her interest and efficiency in handling the attractive clubhouse building on Second avenue, her services have been repeatedly sought by the club members. For 21 years she has accepted the highly important responsibility of handling all rentals and proper use of the structure. Her kindness and understanding have made dealing with her a distinct pleasure. Her concern has always been for the best interest of the club and her community. It is no small task to deal with many scores of individuals over rental of the building and all the other details.

Her retirement from her position in the local club is noteworthy. Her record of service is outstanding.

All of us appreciate what she has done for the community as "fourth vice president" of the Upland Woman's club.

Confusion Should Not Cloud Great Achievement of Polio Vaccine

Some people may be inclined to lose sight of the great, historic accomplishment of the polio vaccine in the light of the repeated delays in getting the masses of children innoculated.

One delay follows another, and this has provided an opportunity for some critics to blame the politicians, the vaccine producers and the government. Admittedly, the mass use of the Salk vaccine and the public information on the medical discovery have brought confusion and undermined public confidence.

The fact should not be overlooked that a very major advance has been achieved in the war on polio. That blessing will be with us long after the ill-advised furor of recent weeks has been forgotten.

With the government recommendation that the vaccination program be "temporarily postponed," sound and rational progress toward making the best possible use of Dr. Salk's great discovery may be expected.

Guaranteed Annual Wage Plan Is Two-Sided Proposal

All persons will agree that stability in employment is desirable and that the American system has gone a long ways in doing just that.

Any sensible employer, with an eye on his balance sheet and profit-and-loss report, believes in and works for stabilization of production, which means stabilization in employment. As a result, every year sees a higher level of steady work and steady pay in American industry.

The atmosphere today is so emotionally charged that many find it difficult to look calmly at the proposed guaranteed annual wage plan. However, an objective analyst, Dr. Douglass V. Brown, professor of industrial management at Massachusetts Institute of Technology, finds that guaranteed annual wage would call for readjustments of policies all down the line — that it would mean a substitution of fixed costs for variable costs.

Under GAW, a company would have to recognize these additional fixed costs in every decision it made. In many instances, this factor might tip the scales against buying new plants or equipment or hiring new employes. In other words, it could result in less employment and less industrial expansion with the new jobs that would be created.

The big queston is how can the employer be guaranteed the income through the year that can make the guaranteed annual wage possible.

Those who grab at one end of the GAW idea ought to know what's on the otther end of it.

The "Feminine" Touch In Banks

A woman banker informed a convention of bankers recently that 8,500 women are now serving as officers in America's banks.

"This is logical," she explained, "since women spend 85 cents of every consumer dollar, pay 80 per cent of inheritance taxes, benefit from 80 per cent of the life insurance policies and inherit 70 per cent of the estates left by men."

Sure, it's logical. Babes in banks are just guarding ttheir own dough. What business does a man have in one any how?

THIS LIFE WE LIVE

James V. Latimer

Commencement Time:

We no longer tell our graduates of the wonderful period in life they have reached and how wonderful their coming days are to be. They know, as we do, that most of them will be looking for jobs or positions and some will even wonder when they may begin to plan for a home and a small family. Yet there is work to be done and worthy demands to be made on us. Sometimes the finest contributions of life are made quietly and without notice from others.

A writer friend in New York recently asked how many had ever heard of the Rev. Henry Frances Lyte? Then he proceeded to tell us about him. In brief, it was he who wrote the hymn "Abide With Me, Fast Falls the Even-tide". That hymn has calmed many a troubled heart and brought peace to many and comfort to those who were about to pass from this earth to their great reward. The author may have escaped you and passed beyond our knowledge, but what he wrote abides with us today. His hymn is loved by all of us.

Many stories of the power of this hymn have come down to us. There was nurse Edith Cavell who went quietly to face the firing squad repeating the words of this hymn; ships have gone into the depths of the sea carrying passengers to their death, and they went down singing, "Abide with me". I suspect many a soul has passed from this life into the next with these words upon his lips and in his heart, "Hold thou thy cross before my closing eyes". In London a tablet has been placed in Westminster Abbey as a lasting memorial to the author. It rests beneath those honoring the names of Charles and John Wesley.

It is significant to note that in a single hour a great soul can create verses that will live a hundred years or longer. It shows us how the inspriation of a moment may be of lasting value. Some of us just plod on and on and seem to get nowhere. Yet was it not Antonio Stradivarius who bent so constantly over the bench in his work shop that people feared for his health and life! But one day he said "Other men will make violins, but no man will ever make a better one". I would rather be the writer of good verse or a bit of prose than to own the finest car put out in any year. To be a workman that need not to be ashamed is a fine tribute. Let us then try to do some things that are really worth while.

Hoyos, Anguiano All-Loop Choice

Lou Hoyos, Upland, and Gene Anguiano, Cucamonga, were among four Chaffey high school Tigers named to the all-Citrus Belt league baseball team for this year. Hoyos split most valuable player award with Charley Holmes and was rated CBL batting champ for the year.

Anguiano, playing shortstop, was without close competition in the league when it came to ranging wide and covering territory. In addition he had a batting average of .356.

Coach Ken Proctor's Tigers placed two men on the second string all-league team as well as four on the first.

Leases Renewed By City on Girl and Boy Scout Quarters

A renewal of leases for five years each was authorized for city-owned Boy Scout and Girl Scout headquarters buildings at 388 N. Third Ave. by the city council during a recent meeting.

The leases were made on the same $1 per year terms as in the past.

A report of improvements by the Girl Scouts to headquarters building was made by City Attorney Henry Busch, a director in the local council.

He said the building had been completly redecorated inside and out and the grounds beautified. A new type floor furnace will be installed this year.

During the past year 350 girls enjoyed over-nighter camping trips at headquarters, 297 adult leaders were trained, eight troops used the quarters for regular meetings and it served as headquarters for 2008 Girl Scouts in the Chaffey community, he said.

Mrs. Grace Mackay's Teenage Poesy Again Expresses Springtime

"The Fairies' Concert", written by Mrs. Grace A. Mackay, 2270 North Euclid avenue, when she was 14 years old and printed at that time in The Adirondack Enterprise of that day, is reprinted with pleasure by The Upland News, because it so well expresses the universal beauty of the month of May:

The Fairies' Concert

The fairies held sacred concert today
In their cathedral, the woods of May,
Which had been made divinely beautiful
By performing many a miracle
They had carpeted the brown old ground
With carpet of softest green to to be found,
And scattered flowers dainty and sweet
Violets and May flowers under feet.

To the trees that were bare and unsightly
They had whispered hurriedly and lightly
"Come awaken, robe yourselves in your best:'
"Do what good you can and you shall be blest.

So they each wen to work with a will,
Clothed themselves swiftly, yet to still
No one knew they were getting ready
Till they came out arrayed in beauty.

Words had been sent way south, by the sun,
To tell the birds to be sure and come
To the praise service some perfect day
In the marvelous happy month of May.

Thus all was ready, the flowers and trees,
The birds and bees, and the soft summer breeze
All sang one song, "The joyful song of praise
To the Creator, who doeth good always.

Auto Insurance Down 14.6 Pct.

Responding to the improved automobile physical damage experience brought about by the the public and stepped up law increased safety consciousness of enforcement, the National Automobile Underwriters Assn., on behalf of its member and subscriber companies, yesterday reduced the California comprehensive and collision premium levels on all passenger type automobiles overall, by 14.6 per cent.

The reduction will mean an annual saving of $8,600,00 to the owners of private passenger cars in the state.

Dollarwise, this means that in the Upland area the total of comprehensive and $50 deductible collision premiums on a new low-priced family car, with no drivers under twenty-five years of age, will drop from $78 to $67.

Council Authorizes A 'No Parking' Zone Along West Seventh

A four-day police check substantiated complaints by residents living along the north side of Seventh St. between Euclid and Laurel Aves. that parked cars were blocking driveways and causing a traffic hazard, Counciiman Donald Carr told the city council in a recent report.

Residents along Seventh St. requested that a "no parking" zone be established along this area. They pointed out that patrons of the medical building on the south side of Seventh St. were parking in the street for long periods instead of using parking facilities provided on the medical building grounds.

The police committee report made by Councilman Carr requesting that the request of residents be granted was approved by the council and a no parking zone authorized by the council.

FBI reports show an 80 per cent increase in major crime since 1950.

A Traffic Mishap Every 21 Minutes Caused by Speed

Speeding motorists are involved in an average of one traffic accident every 21 minutes in the unincorporated areas of California.

This proof of the truth of the old adage "Haste Makes Waste" comes from the statistical analysis of traffic accidents made by the California Highway Patrol. The records show that the results of speed are often viscious, crumbling steel and crushing human bodies beyond recognition.

"If you could stand by and hear the reports of these tragic traffic collisions and sudden death come in over the wire, you would have a more realistic picture of the results of speeding in today's traffic," said Patrol Commissioner B. R. Caldwell.

"There is no reasonable excuse for haste in traffic when compared to the waste of life and limb," he said. "The only solution to this needless slaughter is a continuing awareness of the dangers of speed and stricter obedience to the speed limits.

The safer way is to control that urge to step on it. It is better to slow down and avoid death."

Council Approves Parkway Paving At David Hunter Home

The council recently approved surfacing of the parkway between sidewalk and curb in front of the home of David Hunter, 66 W. Seventh St., after an investigation disclosed his request was backed by a need not of his own making.

Mr. Hunter requested permission to blacktop the area because it is a school bus stop and he could not successfully keep the parkway in cultivated condition.

City Manager R. G. Manley opposed the blacktop suggestion because of its lack of permanancy and cost of maintenance. He suggested the area be covered with concrete and Mr. Hunter be allowed to contribute the amount that blacktopping would cost toward the paving job.

The council approved Mr. Manley's suggestion.

Italian Guests Here on Exchange Farmers at Home

Few facets of life in this area are being passed up by Miss Carmen Strigari of Naples and her traveling companion, Miss Marcella Ricceri of Florence.

In San Bernardino county under the sponsorship of Mrs. Asger Ravn, southern district president of the California Federation of Women's club, they took time last week to visit Upland's Shopping Bag, while on a motor tour with Mrs. Ravn and Mrs. J. E. Skewis, of the Upland Woman's club.

In Iowa they saw their first Super Market, but pronounced the Upland center much superior. Speaking excellent English they explained there is a great deal of fruit in Italy but no grapefruit.

Earlier they had visited the Guasti vineyards and farms and have spent some time with agricultural authorities here.

They are both active as farmers in their own country. Miss Ricceri, who has a doctorate in agriculture, supervises 25 farms owned by her mother.

She said that 18 families work that number of terraced farms on 80 hectares. On this land there are 100 head of cattle, sheep, poultry, and 1600 olive trees.

The Ricceris operate seven farms where grapes, olives and wheat are produced on hillier land. One hectare is approximately 2.4 acres.

Miss Strigari operates two farms with her sister. She said lack of water is her greatest problem.

They are in this country on an exchange project which is under the jurisdiction of the foreign operations administration of the U.S. Departments of Labor. Both are members of the Italian Woman's Alliance.

NAVY MOTHERS

The Navy Mothers of the Chaffey district will hold the annual meeting and installation of officers, Friday, at 1:30, at the home of Mrs. R. G. Christman, 744 Willow street, Ontario.

Venezuela means "Little Venice."

Past Commanders Attend Council

Mrs. Allen T. Mitchell, commander, Mesdames Flora Allen, Malora Miller, R. G. Christman, T. L. Johnson, of the Chaffey district Navy Mothers club, attended the past commanders council, at Lynnwood, with Lynnwood as the hostess club. Reports of welfare activities by all clubs were received.

San Bernardino was chosen as the place for the next meeting on July 20.

Affianced Couple Shower Recipients

Mr. and Mrs. Alan Harrison, 145 West 7th St., Upland, entertained Monday evening at a supper for the Chaffey High school foreign language department staff, their husbands and wives.

The occasion was a shower honoring Miss Esther Hanning, daughter of Mr. and Mrs. John A. Hanning of 311 East Sixth street, Ontario, and Donn M. Freasier of 311 South Euclid avenue, Upland, whose wedding will be June 17.

POSTPONE MEETING

The meeting of the W. A. of St. Mark's Episcopal church originally planned for June 6, has been postponed until the first Monday in October, when a luncheon will be held.

Brethren Nurses Entertaining At Conference

Brethren in Christ Nurses Association members attending the General Conference of the church at Upland college, June 8 to June 13, will be honored by the local chapter, at dinner June 11.

Officers of the national organization attending will be: Mrs. Kay Boyer, Los Angeles, president; Mrs. Martha Eshelman, vice president; Miss Esther Buchbill, secretary; Mrs. Lucy Ensminger, treasurer.

Hostess officers of the local chapter are: Mrs. Dorothy Guengerich, president; Mrs. Rachel Schildberg, vice-president; Miss Ardys Charles, secretary treasurer.

During the program, following the dinner, the local group will turn over $400 to the Home Mission association which has been raised during the year. The fund will be divided between missions of India and Africa for the training of an anesthetist in each of those countries.

Young Republicans Honor Volunteers With Barn Dance

Non members, who volunteered for precinct work during the last election, will be honored at a barn dance, given by the Chaffey District Young Republicans, Friday, commencing at 8:30 o'clock, at the Alta Loma Fire hall.

Mrs. Ted Stamm, Mrs. Hermes Rota and Mrs. Phil Ramos are in charge of arrangements.

Tom Wallace, president, announced that square dancing will be included and dress will be informal.

All interested are invited to attend and tickets may be obtained by phoning Mrs. Don DeVore, Social Chairman, YU 9-107.

Scout House Brownie Party Social Event

Brownie Troop 112, Upland Elementary school, celebrated the troop's first birthday today at the Girl Scout House, when Mrs. Carl Gilson presented pendants to members. Sandra Machnick, who had not been a member for one year, received a lapel pin.

Each member received a gift from Mrs. Williams and the former assistant leader, Mrs. Don Gilson. The troop members also exchanged gifts. Tokens were given to Patricia Gilson and Sandra Machnick who are moving away.

Brownies made the table decorations and spring flowers were placed in each place card.

Attending the party were the following Brownies: Donna Evans, Linda Galloway, Patricia Gilson, Carrol Ann Hendricks, Mary Kuntz, Linda Jo Lampear, Patty Randles, Susan Scoville, Herilyn Smith, Thelma Faye Williams, Pamila Tneall, Sue Gray, Karen Miller and Carlson Gibson.

Mothers, grandmothers and brothers were guests sharing the huge birthday cake.

Girl Scouts Hold Family Pot-Luck

Girl Scouts of Troop 4 had a family potluck dinner in the park recently. Their portion of the dinner consisted of a jungle stew cooked over a fire. This completed their basic seven in camper's skill.

Recently they completed another project when they made Mother's day gifts of earrings.

Mrs. Donald Ricci, is leader and Mrs. A. Martinez is the assistant. Mrs. Brooks Drayton also assisted at the recent affair.

Elect Mrs. Rohrig Priscilla President At Final Meeting

Mrs. Leon Durham, 1124 N. Euclid Ave., was hostess to the Priscilla club, at a contributed luncheon, May 24, when an election of officers resulted in the following being selected:

Mrs. Niles Rohrig, president; Mrs. William Rohrig, vice-president; Mrs. Irvin Hartley, secretary and treasurer. Their unanimous choice followed submission of a nominating committee report by Miss Josephine Sutton, chairman.

Mrs. Martin Lince, retiring president, conducted the meeting.

Travel games with prizes were enjoyed during a program titled 'Going Places Party," arranged by Mrs. Lince, Miss Sutton, Miss Anna Rohrig, Mrs. Joseph Wilder and Mrs. C. H. Nichols.

Music and songs were presented by Mrs. Clyde Mackall. Winners were Miss Willamene Harnly, Miss Sutton, Mrs. Wilder.

A standing vote of thanks was given Mrs. Lince for her work as president, and the time and effort involved in planning the closing meeting of the year. Mrs. Lince, who earlier had welcomed the guests, thanked the committees and members for assistance during her time in office.

Best wishes were extended to Mrs. Sadie Rider who left May 27th for Hawaii.

Guests were Miss Willamene Harnly, Mesdames W. Akers, Lillian Willis and C. Green.

Members present were: Mesdames R. C. Cadnum, Mary Gillingwators, W. L. Green, Hartley, Philip Holden, Arthur Lichti, Lince, Blanche M. Looch, Clyde Mackall, Nichols, Rider, Niles Rohrig, William Rohrig, Frank Schwerdtfeger, R. V. Ward, Wilder and the Misses Sutton and Rohrig.

Girl Scouts Get Drama Awards; Stage Peter Pan

Twelve Foothill area students received recognition and athletic awards during a Chaffey JC assembly Friday, with a second program of awards to be made following a sophomore breakfast before graduation.

Recognition cards went to Georgia Jackson and Charlotte Carrari, Alta Loma, and Judy Smith, Dave Flocker and Nancy Hennessey, Upland.

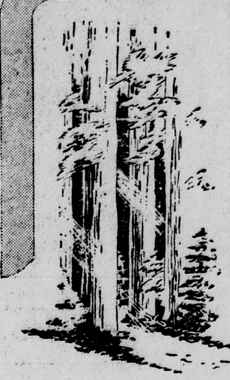

A Chaffey college varsity sports letter basketball went to Bob Fowlkes, Upland, a varsity track letter to Dean Smothers, Upland, a varsity swimming letter to Fred Wallace, Upland, and varsity baseball letters to Loren Sanchez and Luis Vasquez, Cucamonga, and Fred Ferandez, of Upland.

BENEFICIAL TEARS

Tears are beneficial to the eyes. They help to clear the eye of foreign particles, such as dust and hairs, and keep it from drying out. If the cornea should dry out, the eye would become blind.

Drum & Bugle Corps Duty Provides European Tour for John W. Owings

A-3c John W. Owings, son of Mr. and Mrs. Samuel L. Owings 105 Glendale Rd., arrived at Bolling Air Force Base Washington D. C. several week ago anxious to try out for the Air Force band.

Air Force red taps held up scheduled auditions day after day. He was finally assigned to the drum and bugle corps. He reported for duty with spirits sagging believing his long cherished dream of playing with one of the nations top bands would never materialize.

His interest in drum and bugle corps picked up when he found out the caliber of organization to which he was assigned. He wrote home that he was with "one of the top drum and bugle corps in the world."

He embarks with the drum and bugle corps for the audition for the Air Force band which he has so long awaited. He is a trombone player.

A Chaffey high school graduate of 1952, he worked for the A - R Equipment Co., 5498 Mission Blvd. until he enlisted in January of this year.

Former Driving Range Quarters to be Used as Office for Subdividers

The Bertisch-Medwick subdividers were granted permission by the planning commission to erect two large signs at a realty office they plan on utilizing in the 1400 block on E. Foothill Blvd. The building is one formerly used as quarters for a golf driving range.

The signs will be 10 x 40 feet with one designating the office as headquarters for Foothill Knolls, the subdivision planned at the easterly city limits north of Foothill Blvd. to include 379 lots, and the other sign to announce the erection of a new commercial center along Foothill Blvd. fronting the subdivision.

Court Fight Lost By Pokey Driver; Draws $50 Fine

The driver who creeps along blocking the fast moving traffic lane has suffered another setback..

B. R. Caldwell, California highway patrol commissioner, has cited a recently concluded jury trial to emphasize the necessity for slower moving vehicles to travel in the right hand lane or as close to the right edge of the roadway as is practicable.

A motorist in violation of this vehicle code provision was cited into court by a California highway patrol officer for traveling at speeds of from 10 to 45 miles per hour in the inside traffic lane on San Francisco's heavily traveled Bayshore freeway.

The violator demanded a jury trial, was found guilty, and was assessed a $50.00 fine.

"Many drivers fail to realize that traveling too slow ranks with traveling too fast as a frequent cause of serious traffic accidents. It is the duty of any motorist to keep as far to the right as possible if he is not keeping pace with the normal flow of traffic," Commissioner Caldwell said.

"The action of this jury once more indicates the validity of this law and emphasizes the necessity for compliance with its provisions," he pointed out.

Kester's Infant, Phillip Allen, Buried Tuesday

Phillip Allen Kester, 4 months of age, the son of Mr. and Mrs. Delbert Kester, 8296 9th St., Cucamonga, passed away Monday in the San Antonio Community hospital.

The Kesters have two other children, Valerie June and Preston, both at home.

Private funeral services were held Tuesday, at Bellevue cemetery, with the Rev. Joe B. Walker of the Church of God, officiating. The Stone Funeral home was in charge of interment at Bellevue cemetery.

School Bonds For Cucamonga District Sold

The National Trust and Savings Assoc., of the Bank of America, San Francisco, were successful bidders for the $185,000 bond issue recently authorized by voters of the Cucamonga Elementary school district for a new school plant.

The San Francisco investment firm bid the bonds in at three per cent interest plus a premium of $2.379.

William R. Staats & Co., Los Angeles, made the same interest bid with a premium of $945. Paine, Webber, Jackson & Curtis, Los Angeles also bid but were higher in interest rate.

The school district board of trustees will open bids for a new school bus at the next regular meeting June 7, George Partridge, president said. The district has $9,000 set aside to purchase the bus which is specified to carry between 65-70 passengers.

The board will also study plans for the new school building for Archibald Ave. at Arrow highway and will set a joint meeting with teachers to hear opinions of instructors which will be used in determining final plans.

At the June 7 meeting the board will also discuss means for lowering the school tax rate from 90 to 85 cents per hundred dollars of assessed evaluation, Mr. Partridge said.

Buffalo Trails

Before the 19th century, American bison ranged as far east as the Carolinas. In their westward migration, they pounded out trails followed by the Indians and later settlers, routes now followed by many modern highways.

Pending Proposal by County Board Nisbet Withholds Air Pollution Bill

Legislation started by Assemblyman Eugene Nisbet to set up a county-wide air pollution district has been placed on the inactive file at his request after the county board of supervisors indicated the proposed legislation was not acceptable.

In a release to The Upland News, Assemblyman Nisbet pointed out that the legislation he sponsored was the result of a thorough study by previous assemblyman Stanford Shaw, who was also chairman of the interim committee that viewed the problem after special hearings.

Mr. Nisbet said he would continue with legislation on county-wide air pollution after studying a proposal being drafted by the board of supervisors. Support would be contingent on the plan by the board, Mr Nisbet said.

"If this materializes, we will be well on our way to accomplishing the desired aim, but unless it embodies provision for the establishment of a district and an elected commission, I would have some reservations. It would be difficult for me to discount the desirability of a directive by vote of those affected.

"In the interest of San Bernardino county, I would suggest that your state representatives meet with the local authorities as soon as possible and go into all phases of this problem in order that proper legislation may be prepared to be presented at the earliest opportunity,' he said.

2 New Teachers Completes UC Teaching Staff

The Upland college faculty was completed recently for next year with the hiring of David L. Carlson, Chicago and Miss Geraldine Hess, Azusa, Dr. John Z. Martin, president of the college announced.

Mr. Carlson, with his wife Florence, will move to Upland following his graduation from Northwestern University next month. He will receive a Bachelor of Science in speech with a major in radio and television production. He has been studying under Dr. Irvin J. Lee one of America's foremost professors of general sematics, public speaking and persuasion.

Mr. Carlson will be taking charge of the radio department on the Upland campus and will be assisting several academy courses in public address and history. Addition of Mr. Carlson to the staff for the next two years for special community work in Japan.

Miss Geraldine Hess received her Bachelor's degree from Upland college and her Master of Arts from Claremont Graduate school and served for five years as registrar at Pacific Bible college, Azusa. Since that time she has received her Master of Science Degree in library science from the University of Southern California and is currently serving as librarian for Pacific Bible college. Miss Hess will be librarian at Upland College.

Miss Lois Raser, currently on the Upland staff, has accepted a call as a missionary in Mexico and will be leaving after the close of the school year.

Pack Invites Boys To Join

Cub Pack No. 2 heid its regular monthly meeting in Fellowship hall, at the First Methodist church, Friday.

Scout leader, J. H. Larkin introduced Mr. Delbert Hensley, district commissioner, who spoke to the parents about future activities of the pack.

Boys who are eight years of age or will be in Sept. may join the Pack. Those may contact Mr. Larkin, 32-4557.

There will be an annual picnic on June 18. New members are invited to attend.

Upland District Donates $2,890

A total of 1,808 people in the Upland district contributed to the recent cancer fund with $2,890.97 given, according to a report yesterday from Mrs. Edward Pollock, who was active in heading up the local campaign.

Mr. and Mrs. James E. Goodban actually directed the Upland drive. Contributions from Alta Loma totaled $84, Cucamonga, $408, Guasti, $125 and Etiwanda, $95.

Ontario's contributions amounted to $4,457.59 with only 1,191 individuals giving money.

A twin-city contest was conducted between Upland and Ontario with a silver pitcher being offered as the prize by Ralph H. Miller, local realtor, and Andrew Crevolin. The winner was based on a per capita giving, thus Ontario winning over Upland.

Ten Altar Members Go To San Diego For Leaders' Course

Ten members of the Altar and Rosary Society of St. Joseph's Catholic church, attended the leadership training course at the San Diego college for women, Wednesday, from 9:30 a.m. to 3 p.m.

They enjoyed noon luncheon at the college.

The courses taken stressed the following: Parliamentary law, amenities, press, public relations, and ways and means.

Those attending were: Mesdames Daniel Maher, Robert Young, Hollis Guthrie, Henry Duran; Allen Mitchell, Sr., Mrs. Terry Gillespie, Michael Morgan, Louis Gagne, Lino Marline, and Miss Mariam Clark.

Will Anderson College Gardner, Dies in Hospital

Will Anderson, 264 So. Euclid Ave., passed away in San Antonio Community hospital, Monday, following a heart attack.

Mr. Anderson, who was born in Agenda, Kansas, 68 years ago, had lived in Upland for 10 years and in California for 30 years. He formerly lived at West Anaheim.

He was a gardner at Upland college.

His widow, Bessie, of Upland survives him as do his daughter, Mrs. Florence Malisch, of Compton; his son, Weslie Will Anderson Talihina, Oklahoma; two sisters, Mrs. Carrie Bourne, of Concordia, Kansas; Mrs. Anna Fickel, of Agenda, Kansas; John Anderson of Agenda Kansas, his brother; two grandchildren and one great grandchild.

He belonged to the First Baptist Church, Ontario and the Upland Masonic Lodge.

The funeral took place Wednesday, at 2 o'clock, at Stone Funeral Home, with the Rev. Virgil K. Ledbetter officiating.

The Upland Masonic Lodge was in charge of the committal service at the Bellevue Mausoleum.

UC Alumni Plan Banuqet, Rally Breakfast

Plans are rapidly nearing completion for the annual commencement week banquet at Upland college and a special rally breakfast, both to be sponsored by the Alumni Assn., Melvin Bowers, president, announced.

The banquet, the major event of its kind during the year, is scheduled for 6:30 p. m., tonight in the Nazarene Felowship hall 120 W.. Ninth St. Speaker for the banquet will be Paul Ebling, former card shark and gambler, who will display several of the tricks of his profession. Mr. Ebling, recently converted, spends much of his time in evangelistic work.

On Saturday morning, at 7:45, the alumni will have a special rally breakfast and over sausages and pancakes initiate the college seniors into the alumni group. There will be special singing by the faculty quartet and a college senior quartet, with the challenge will be presented to the college seniors by President John Z. Martin.

COMES FROM SOAP

Crude glycerin is a mixture containing about 80 per cent glycerin, the balance being organic impurities, minerals, salts, and water. A by-product of soap, its manufacture first was patented in 1870.

Three Firms in One Foothill Location In Expansion Plan

Three firms have united in opening offices at 8180 Foothill boulevard Cucamonga, just east of the Upland city limits.

Included in this group are Boyd-Fields, with Leslie Boyd in charge; Arnold Anderson, Ontario realtor with Paul F. Stiker, associate and the Draper-Walton Insurance agency.

Mr. Boyd was formerly occupying an office on C street, Upland. Mr. Anderson is an Ontario realtor, president of the Ontario-Upland Realty board and interested n two theaters. He recently entered the real estate business and in opening the Foothill office has become associated with Mr. Stiker, 2009 North Euclid avenue.

The long-established Draper-Walton agency of Upland is extending its area of service by having a branch on Foothill. The office building was formerly occupied by the late H. F. Naisbitt.

JV'S DIVIDE GAMES

Uplander Establishes Scholarship In Late Husband's Name

Dean Robert J. Kingsley, left, of the University of Southern California school of law receives check from Mrs. Otto J. Chrstensen, 249 W. 14th St., to establish memorial scholarship in her late husband's name. Mr. and Mrs. Jack Christensen of Ontario, her son and daughter-in-law, are also pictured.

Grant to Aid Three USC Law Stundents Annually for Next 18 Years Provided in Estate of Upland Attorney

The name of Otto J. Christensen, Los Angeles' leading Federal Court trial lawyer for 22 years until his death in 1951, will be perpetuated at the University of Southern California school of law through a memorial scholarship just established by his estate.

Mrs. Christensen of Upland; her sons, Jack, of Ontario, and Otto Jr. of Los Angeles; her daughter, Mrs. Ottocina Person of Upland, and her brother-in-law, Thor Christensen, gave $3000 to the USC law school to be divided equally among three students next fall.

The estate plans to make similar grants to the USC law school for the next 18 years. Scholarships will be awarded to three students each year on the basis of scholastic ability and financial need.

Samuel L. Kurland, graduate of the USC law school and Los Angeles attorney who was Mr. Christensen's partner, attended a luncheon on the campus when Mrs. Christensen presented the first check to Dr. Robert Kingsley, dean of the law school.

Warren Wass, of Upland, a friend of the Christensen family who advised the late attorney about the management of lemon groves in which Christensen was interested, also was present when the scholarship was established.

Federal Judge Pierson M. Hall, before whom Christensen appeared many times in court, had hoped to attend but was unable to do so.

Christensen started practicing law in Chicago with the late Clarence Darrow. One of his first important cases was the appeal he took to the U. S. Supreme Court after the conviction of "Big Bill" Haywood of the Industrial Workers of the World.

Christensen, a graduate of the law school of DePaul University in Chicago, came to Los Angeles in 1929. He practiced exclusively in the Federal courts and lived in Upland where he had extensive holdings in the citrus business.

Orange Market Holds Steady As Lemons Decline

Demand for California-Arizona oranges continued steady during the week ending May 28. Sunkist sales of both navel and valencia oranges were slightly below those of the previous week. With the average price unchanged at $4.25 a box f.o.b. on fruit sold in interstate channels.

Market reports indicated increasing trade interest was developing for new crop California valencia oranges and indications were that demand would show further improvement as distribution widened to all areas.

Prorate for the week ending June 4 was set at 450 cars of valencias from Central California and 475 cars from Southern California by the Valencia Orange Administrative committee.

The California lemon market was easier pricewise this week although sales by Sunkist Growers increased around 25 cars over those of last week to a total of about 430 cars. Average prices declined 30 cents to $5.70 a box f.o.b.

The Lemon Administrative committee set the prorate for the week ending June 4 at 550 cars of lemons.

DEAR HOME BUILDER:

It is our constant endeavor to offer you the best possible home, for the lowest possible price, but regardless of price no home need forego the best in materials and workmanship, and by living up to our high standards we have made many friends and many satisfied customers.

We are proud of our six model homes we have open for your inspection from 9 a. m. to 9 p. m. seven days a week, and hope they will help you select the plan you want. We are also aware of the fact that we can not please everyone with our models and the many stock plans we have to show you. We would welcome the opportunity to help you work your own ideas into our models or our stock plans, or we will build to your plans.

We offer our services in arranging a top loan for you, or you may feel free in arranging your own financing. We are proud of the valuation leading Banks and Building & Loan Associations put on our homes, and feel confident that if you own your lot a top loan can be arranged for you, and you may find that NO MONEY DOWN will be required.

Please remember one thing . . . we are not merely a sales organization. We are a licensed building contractor, (Lic. No. 85815). Whether you build our economical one-bedroom home priced from $289.00, or select a custom built two or three bedroom IDEAL HOME, you will receive the same individual, helpful service and supervision backed by 43 years of professional building experience.

Sincerely yours,
D. L. ARRASMITH & SONS

P. S.: Investigate your builder. It will pay off in the long run. Ask the man who owns an IDEAL HOME!
